

This Month: Bosch Gas Cooktops

Bosch cooktops are designed to deliver perfect results with minimal effort. Every Bosch cooktop combines simplicity with intuitive usability. So recipes are followed more efficiently, meals are made quickly, and cleanup happens easily. Because at the end of a long day, Bosch believes cooking should bring joy, not frustration.

Automatic Re-ignition

- Featured on every Bosch gas cooktop
- Single point ignition, only the impacted burner will be triggered
- **If the flame blows out, it will automatically relight so the dish continues to cook**

High Efficiency Burners

- Air is drawn from the top of the cooking surface
- Cabinet pressure will not effect performance
- Powerful high and low BTU rates
- **The flame wont pull away from the burner allowing for faster boil times**

OptiSim™ Burners

- Featured on 30" and 36" cooktops
- Low simmer performance—400 BTUs
- Diffuses heat with a thicker and bigger shaped burner cap
- **Simmer delicate sauces and minimize the risk of scorching**

Traditional Simmer Cap

OptiSim® Burner Cap

500 Series Features

- NGM5456UC 24"
- NGM5056UC 30"
