DID YOU KNOW?

AquaStop® is an advanced leak prevention and containment system that features sensors that automatically close the water inlet and activate the drain pump if a possible leak is detected—even if you're not at home.

42 dBA - the quietest dishwasher brand in the U.S.*

A range of technologies makes Bosch the quietest dishwasher brand in the U.S.* with impressively low decibel levels.

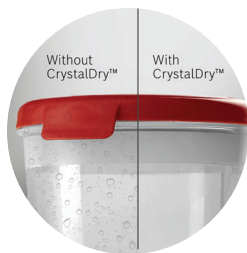

The deepest clean from PrecisionWash® with PowerControl™

PowerControl™ spray arm enhances PrecisionWash® performance to target your dirtiest dishes with a deeper clean, no matter where you load them on the bottom rack. No more scrubbing, pre-rinsing, or hand washing.

The Ultimate dry with CrystalDry™

Patented CrystalDry™ technology transforms moisture into heat up to 176°F to get dishes 60% drier,* so you can put away your plastic dishes immediately into the cupboard when the dishwasher is finished.

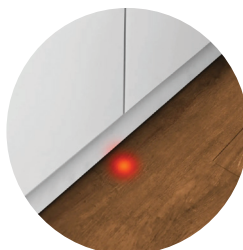

Flexible 3rd Rack

The Flexible 3rd Rack has expandable wings that easily lower to accommodate more of your deeper items. Meanwhile adjustable tines let you customize the rack's loading space to fit awkward or bulky utensils.

Know when your dishwasher is running with InfoLight®

Our dishwashers are so quiet, we provide an InfoLight® that projects a red light onto the floor (or a white light in the pocket handle on select models) to signal that a cycle is running.

*Based on an average of sound ratings of 24" Full Size Stainless Steel Tub dishwashers contained in major brands websites. Major brands defined as OpenBrand Top 5 Market Share December 2025.
